2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

Catalyst has over 40 years of experience meeting the housing and supportive services needs of victims of domestic violence and their children. We have managed this with a variety of funding sources including federal funding such as Victim of Crime Act and Violence Against Women Act funding streams. We also are the local administrator for Butte, Colusa and Glenn Counties Emergency Food and Shelter FEMA funds.

Catalyst staff have significant expertise in database implementation and management. Our Administrative Assistant has 7 years' experience with database management and another staff member was part of the implementation team when setting up our current database in 2010. Our data and reporting has been regularly monitored by the City of Chico, CalOES, and FEMA with no reported findings.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

Catalyst has a successful history of leveraging funds for maximum benefit. Most notably, when building our new emergency shelter and transitional housing we were able to leverage a million dollar state Housing and Community Development grant to access local Redevelopment funds and Community Development Block Grant construction monies to expand and complete the project.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

Catalyst is a 501(c)(3) non-profit governed by a six member board of directors. The daily operations are managed by an Executive Director with 22 years of experience in the domestic violence movement and the administrative team that includes an administrative director with 27 years non-profit finance management, an associate director who is a Masters of Social Work (MSW) and has eight years programmatic experience and a Housing Director with sixteen years of social work experience and seven years specifically working with victims of domestic violence in housing.

Catalyst utilizes and maintains QuickBooks software for agency accounting purposes. We maintain updated financial accounting policy and procedures and follow all audit recommended internal control practices. We secure an independent auditor to conduct a yellow book audit on an annual basis. The

agency has consistently earned a unqualified opinion with no findings.

4a. Are there any unresolved monitoring or audit findings for any HUD grants(including ESG) operated by the applicant or potential subrecipients (if any)? No

3A. Project Detail

1a. CoC Number and Name: CA-519 - Chico, Paradise/Butte County CoC

1b. CoC Collaborative Applicant Name: Community Action Agency of Butte County, Inc

2. Project Name: DV SSO-CE

3. Project Status: Standard

4. Component Type: SSO

5. Does this project use one or more properties that have been conveyed through the Title V process? No

6. Is this new project application requesting to transition from eligible renewal project(s) that were awarded to the same recipient and fully eliminated through reallocation in the FY 2018 CoC Program Competition? (Section II.B.2. and Section III.C.3.q. of the FY 2018 NOFA). No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Catalyst has been involved in the planning, coordinating and implementation of Coordinated Entry in Butte County. However, due to Federal and State mandates and sensitivity involved with maintaining the confidentiality of our participants, we have not participated in entering our participants' information. Inability to maintain confidentiality is dangerous and can be a matter of life or death for victims of domestic violence. Our current participant database was a suitable match when we received our first Rapid Rehousing grant (HUD FY2015). Changes in reporting to Sage have made our database antiquated and less compatible.

To improve compatibility with HUD reporting as well as help us assess best methods of participating in Coordinated Entry we need to replace our database application. We also want to discuss and share statistical data with our Continuum of Care partners in a way that is compatible with their data. We will purchase a new database which mirrors that used by our current Coordinated Entry agencies. This would include licensure of the program, technical assistance, customization of the data reporting as well as on-site or remote training for our staff.

While the goal is to participate with the County-wide Coordinated Entry process utilizing the VI-SPDAT, implementation of the a new database would allow for an agency-wide coordinated entry process ensuring those with the highest need are prioritized. The goal is to have all of our staff able to enter data whether they work at one of our drop-in offices or in our emergency shelter. Our Advocates would be able to conduct the VI-SPDAT in-house much like other small counties and domestic violence agencies do. The benefit of this is the ability to maintain that participant's confidentiality while still having the ability to share exactly the same information the next agency would have gathered. We currently have a part-time administrative assistant position responsible for entering data and oversee reporting. We would increase that position to fulltime to allow for better data collection and management.

2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple structures, complete one column for each structure.

Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who are conditionally awarded sponsor-based and project-based rental assistance. These conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.

4. Please select the type of SSO project: Coordinated Entry

4a. Will the coordinated entry process funded in part by this grant cover the CoC's entire geographic area? Yes

4b. Will the coordinated entry process funded in part by this grant be easily accessible? Yes

4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

Catalyst will network through our community partners, specifically the CoC, Butte 211, law enforcement, health care systems and local governments.

Our staff will be educated in Coordinated Entry, maintaining participant confidentiality, and participant consent to allow referrals to other housing services.

Staff will remain engaged with CoC Coordinated entry and continue participation on Coordinated Entry committee. During the past year Catalyst attended 11 Coordinated Entry committee meetings and a majority of the HMIS committee meetings.

4d. Does the coordinated entry process use a comprehensive, standardized assessment process? Yes

4e. Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services.

Catalyst will accept referrals from self-identified victims of domestic violence, current participants of our program, as well as referrals from partner organizations when domestic violence victims are identified. For participants within our agency we would do the following to move in the direction of Coordinated Entry cooperation and ensure they are directed to appropriate housing:

- Internally complete the VI-SPDAT with all participants, (with their permission) in voluntary advocacy meetings or when they connect with an advocate in one of our drop-in offices. As our agency uses a Housing First model, all services are offered on a voluntary basis and with no barriers to access.
- Continue to work with participant whether in our emergency shelter or drop-in office to get on low income housing lists, assess housing needs and barriers, and provide other supportive services with housing as our final goal.
- Constantly assess participant's eligibility to any of our housing.
- When participant is exiting shelter or may be accessing fewer services at our drop-in office, discuss plans moving forward and ask if participant is comfortable connecting with another agency in regards to their VI-SPDAT.
- Complete Release of Information to allow Catalyst staff to discuss specific needs and share VI-SPDAT with other Coordinated Entry participating agency, if participant is open to sharing that information.
- Continue to maintain relationship with participant to offer ongoing advocacy and counseling as well as be a place the participant can share any concerns or issues with any current housing arrangement. Catalyst would continue to advocate for that participant to help maintain the safest and most appropriate housing option.
- Catalyst sits on the Coordinated Entry Committee for Butte County's Continuum of Care and maintains a relationship with all twelve of the other agencies on that committee.

4f. If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following five groups: Chronically Homeless, Individuals, Families, Youth, and Persons At Risk of No

Homelessness?
