

Homeless Emergency Aid Program Review Panel Information

Tentative Schedule:

Pre-Meeting at the Housing Authority Office (2039 Forest Ave) scheduled
January 3rd – Plan 30 minutes

All applications will be reviewed for completeness. If an application is deemed incomplete, it will not be reviewed by the panel.

The Applications for review will be available on Tuesday, January 8th at 5pm via Drop Box or equal.

Each reviewer will review and score all applications. The GOAL is to have the process complete by Friday January 11th. Given the time frame, this date may not be possible and a special CoC Council Meeting will then need to be called. Once the reviewing is done all scores will be tabulated and then ranked. At that time, if there are ties, interviews will be set up for the earliest date possible in January.

Each project application will be scored using this point system. A project can be a rental, a service or a capital project.

Each entity is allowed to submit more than one project application, but only has to submit ONE Entity application. The Entity Application score is the points for Organizational Capacity and Experience. Therefore if an entity has more than one project application, the points for the Organizational Capacity and Experience would be the same across each project application.

Scoring:

| Area | Max Points |
|---|------------|
| Program Description | 30 |
| Goals & Outcomes | 25 |
| Organizational Capacity & Experience | 20 |
| Budget | 15 |
| Past Performance and Data Collection | 10 |

Considerations when reviewing applications

- This is a competitive application process, all applications are competing against each other, not just like projects against each other
- How well does the application align with State Goals and Local Priorities
- How well will the entity/agency be able to meet The State of California reporting requirements? These at minimum:
 - Unduplicated number of homeless or persons at imminent risk of homelessness served.
 - Instances of Service per Individual
 - Increases in capacity for new and existing programs.
 - The number of unsheltered homeless persons becoming sheltered.
 - The number of homeless persons entering permanent housing.
- The State has very specific requirements in their contract; does the application present itself in a way to ensure compliance to these requirements?
- Are the Costs for all items in the budget (Personnel, Rentals, Construction etc.) reasonable
- Is there a strong financial capacity currently in place or a solid plan demonstrated in the application
- The CoC does reserve the right to adjust a budget or a scope of work, allowing for options to fund a partial project.

State Goals:

- Address Communities Immediate homeless challenges
- Provide immediate emergency assistance to people experiencing homelessness
- All activities must directly benefit the target population
 - Homeless or imminent risk of homelessness
- Project would have 50 percent of funds contractually obligated by January 1, 2020
- Comply with SB 1380 (Chapter 6.5 of Division 8 of the Welfare and Institutions Code), HCFC will require in all standard agreements that any program paid for with HEAP funds shall align and comply with the core components of Housing First as defined in Welfare and Institutions Code Section 8255(b).
- In general, HEAP funds can be used for capital projects. However, the HEAP funds are intended to provide immediate emergency assistance to people experiencing homelessness or at imminent risk of homelessness.
