2022 ESG BALANCE OF STATE
NOTICE OF FUNDING AVAILABILITY OVERVIEW

OVERVIEW

The ESG program provides funding for the following objectives:

- Engaging individuals and families experiencing homelessness;
- Improving the quality of Emergency Shelters (ES) for individuals and families experiencing homelessness by helping to operate these shelters, and by providing essential services to shelter residents;
- Rapidly re-housing individuals and families experiencing homelessness; and
- Preventing families/individuals from becoming homeless.

BALANCE OF STATE ALLOCATION

The funds are distributed in two separate funding pools: the CoC allocation and the Balance of State (BoS) allocation. Funding in the BoS allocation is made available based on recommendations from a CoC in two ways:

1. Through regional competitions within three geographic regions (Northern Region, Bay Area Region, Central and Imperial Valley Region); and
2. Through a noncompetitive process for Rapid Re-Housing (RR) activities.

ROLE OF COC

- Applications from homeless service providers shall only be considered if they are recommended by the CoC where the proposed activity is located. CoCs are required to submit the CoC recommendation package.
- For single-county CoCs, a maximum of two applications may be recommended by each CoC for the regional competition and a maximum of two applications may be recommended by each CoC for its noncompetitive funds.

1. Comprehensive and coordinated access to assistance regardless of where an individual or family is located in the CoC Service Area.
2. Prioritized access to assistance for people with the most urgent and severe needs, including, but not limited to, survivors of domestic violence. ESG-funded activities shall seek to prioritize people who:
 1. Are unsheltered and living in places not designed for human habitation.
 2. Have experienced the longest amount of time homeless.
 3. Have multiple and severe services needs that inhibit their ability to quickly identify and secure housing on their own.
 4. For HP activities, are at greatest risk of becoming Literally Homeless without an intervention, and are at greatest risk of experiencing a longer time in ES or on the street should they become homeless.

IMPLEMENTATION REQUIREMENTS CONTINUED

Housing First Practices

All ESG-assisted projects shall operate in a manner consistent with Housing First practices as reflected in the state's Core Practices and the CoC written standards and progressive engagement and assistance practices, including the following:

1. Ensuring low-barrier, easily accessible assistance to all people, including, but not limited to, people with no income or income history, and people with active substance abuse or mental health issues.
2. Helping participants quickly identify and resolve barriers to obtaining and maintaining housing.
3. Quickly resolving a participant's housing crisis before focusing on other non-housing related services.
4. Allowing participants to choose the services and housing that meets their needs, within practical and funding limitations.
5. Connecting participants to appropriate support services available in the community that foster long-term housing stability.

IMPLEMENTATION REQUIREMENTS CONTINUED

Progressive Engagement

Offering financial assistance and supportive services in a manner that offers a minimum amount of assistance initially, adding more assistance over time, if needed, to quickly resolve the participant's housing crisis by either ending homelessness, avoiding an immediate return to becoming literally homeless, or avoiding the imminent risk of becoming homeless. The type, duration, and amount of assistance offered shall be based on an individual assessment of the household and the availability of other resources or support systems to resolve their housing crisis and stabilize them in housing.

IMPLEMENTATION REQUIREMENTS CONTINUED

RR and HP Terms of Assistance

RR activities funded within the same CoC Service Area shall follow the same program requirements for type, duration, and amount of assistance provided, unless the CoC provides sufficient written justification for any differences and these are approved in writing by HCD. HP activities funded within the same CoC Service Area shall follow the same program requirements for type, duration, and amount of assistance provided, unless sufficient written justification for any differences is provided by the CoC and HCD approves such justification in writing.

- Grantees must make matching contributions in an amount that equals the amount of federal ESG funds awarded. HCD may request documentation as part of program monitoring to determine the sources and amounts used to meet the federal ESG matching requirement.
- Matching contributions may be obtained from any source, including any federal source other than the ESG program, as well as state, local, and private sources. However, the following requirements apply to matching contributions from a federal source of funds:
 1. Laws governing any funds to be used as matching contributions do not prohibit those funds from being used to match ESG funds.
 2. If ESG funds are used to satisfy the matching requirements of another federal program, then funding from that program may not be used to satisfy the matching requirements.

EXPENDITURE & OBLIGATION REQUIREMENTS

- All of the grantee's ESG funds must be expended for eligible activity costs within 24 months after the date HUD signs the grant agreement with HCD and must meet the following expenditure milestones:

Percentage of ESG Award that must be expended	Milestone Deadline

80%	60 days prior to expenditure deadline

- After the Standard Agreement with HCD is fully executed, grantees may request an advance of 30 days working capital or \$5,000, whichever is greater. Otherwise, all funding requests are on a reimbursement-only basis.
- All eligible costs incurred after the date of the award letter issued to the grantee by HCD are reimbursable. Grantees shall not expend any funds requiring reimbursement prior to the date of the award letter.
