Housing and Homeless**

Request for Proposals (RFP) #15-24

**FOR FUNDING OF
Housing and Disability Advocacy Program**

Fiscal Year 2023/24

RFP Issue Date: Monday, October 16, 2023

1. INTRODUCTION

1.1 PURPOSE

The Butte County Department of Employment and Social Services, Housing and Homeless, herein after referred to as the County, offers several supportive services to adults with children, adults without children, unaccompanied youth, chronically homeless, veterans, domestic violence survivors, individuals with co-occurring disorders, and parenting youth in order to promote safe and stable homes for all within the community.

Funding through the California Department of Social Services (CDSS) is available in Butte County to provide services through the Housing and Disability Advocacy Program (HDAP). The program focus is to provide housing supports and disability benefit application assistance and advocacy to people likely eligible for disability benefits and experiencing homelessness or at risk of homelessness. The goal of HDAP is to secure disability benefits for participants and stabilize them in permanent housing, while promoting racial equity and supporting the disproportionate impacts that homelessness has on communities of color.

The purpose of this Request for Proposals (RFP) is to define the County's minimum requirements, solicit proposals, and gain adequate information by which the County may evaluate the proposed services; and develop contract(s) for these services. At this time there is funding available April 2024 through June 2025.

This RFP is promulgated in accordance with California State Welfare and Institutions Code Sections 10553 and 10554, Title 45 Code of Federal Regulations, Section 92.36 (d) as amended at 60 Federal Register 19645 (April 19, 1995) and California Department of Social Services (CDSS) MPP Divisions 19, 21, 22, 23, and 30.

The County shall electronically deliver this RFP packet to prospective proposer(s) including non-profit social service agencies. Additionally, this RFP shall be posted on the following link: <http://www.publicpurchase.com/>. The RFP will also be posted on the Butte Countywide Homeless Continuum of Care website: <https://www.buttehomelesscoc.com>.

1.2 TERM

It is the intent of the County to contract said services with the most successful proposer(s) that represents the best value for the County. The initial contract for services will tentatively be from April 1, 2024 through June 30, 2025. Depending on the performance of the contractor(s), the availability of funding, and the needs of the County, the County may extend the contract(s) for up to an additional one (1) year.

1.3 AMOUNT AND AVAILABILITY OF FUNDING

The projected available funding for Housing and Disability Advocacy Program shall not exceed a maximum of \$500,000.00 in Fiscal Year 2023-2024 and 2024-2025.

Eligible applicants include local governments, private non-profits, or public non-profit organizations that the County determines is qualified to undertake one or more of the eligible activities described. Applicants must provide a complete, separate application for each proposed program they wish to administer.

Proposers are required to submit proposals for their transaction fees for the proposed contract period. The County reserves the right to modify the scope of funding to any extent necessary to ensure compliance with Federal, State and/or County guidelines or if funding is impacted due to Federal, State, or County budget appropriations.

2. BACKGROUND

2.1 PROGRAM INFORMATION

The following information about the required services to be provided is set forth as background information to assist prospective proposers in preparing their proposals.

HDAP funds are designed to be flexible and may be used for a variety of programs and services designed to assist those experiencing literal homelessness, and at imminent risk of homelessness, as defined by U.S. Department of Housing and Urban Development. The goal of funding is to secure disability benefits for participants and stabilize them in permanent housing, while providing relevant supportive services. HDAP funding continues to support building regional coordination and a unified regional response to reduce and end homelessness.

HDAP goals are to secure disability benefits such as Social Security Disability Insurance (SSDI) and Supplemental Security Income (SSI) for participants and stabilize them in permanent housing, while providing relevant supportive services, create and develop innovative housing solutions, address gaps and racial inequity in services provided, and provide additional services to ensure clients remain housed via outreach and case management efforts.

Proposals shall clearly address how these goals will be addressed with the funding requested.

2.2 SERVICES TO BE PROVIDED

The HDAP program requires proposers to expend funds on housing supports and disability benefit application assistance and advocacy to people likely eligible for disability benefits and experiencing homelessness or at risk of homelessness. Proposals should be for Case Management services and the provision of permanent housing for HDAP participants and should follow evidence-based solutions that address and prevent homelessness among eligible populations while following the Housing First approach. Vendors will not be providing disability advocacy services to HDAP participants, but instead will work in coordination with County HDAP staff who provide this service. Individuals, youth, and families are eligible for HDAP if they are likely eligible for disability benefits and are: A) Chronically homeless; B) Homeless; or C) At risk of homelessness.

Consistent with homeless assistance best practice, programs should evaluate funding and program capacity to prioritize serving people with the highest needs and vulnerabilities, which should include individuals who are experiencing chronic homelessness or with severe health conditions.

2.3 DATA REPORTS

The proposer shall be responsible for completing regular updates in the Housing Management Information System (HMIS), participating in the Coordinated Entry System (CES), and completing reports as directed by the County. Individuals receiving services funded by HDAP are required to be entered into HMIS for the purpose of Federal tracking. Reports are to include the number of persons experiencing homelessness served, the number of persons experiencing unsheltered homelessness served, the average length of time spent homeless before entry into the program, the type of housing assistance provided, and outcome data including the type of housing an individual exited to, as well as the amount of successful and unsuccessful exits. Additional information may be requested.
